The Youth Group!

Catechists: Mr. Michael Smith and Mr. Craig Davis!

It's not popular to be Christian right now, let alone Catholic. When I was asked to lead the Youth Group at our Lady of Lords I talked to Bruce Killian (the previous leader) about what they did. He said that his mission was simple, it was to impress upon the youth in our church that their Christianity was not something that just happened on Sunday morning, but rather something to be practiced every day. UPCOMING

Turkey Dinner
Open House

Sunday mornings we meet, eat some donuts, and talk about the gospel a bit. Not only do we explore how we can practice our faith every day, but we also work to create an environment where the youth of our parish can come in, have fun, and support each other as Catholics. I don't see this as a class where I try to teach young people about their faith. I see this as an opportunity to come together and share what wisdom I have as a growing Catholic. I have been really impressed with this group of young people. Not only do they arrive to a place they don't have to be, but they also are committed to supporting each other and going out and serving their community. I'll be honest, I learn as much as I try to coach. Each year the group has an opportunity to participate in Catholic Heart Workcamp, but the group is not stopping there. This year they are also planning additional opportunities where they can come together, socialize, and have fun, as well as work in projects to serve the local community. Not only are they the future of our Church, but they are a part of the Church today.
